MANAGEMENT LETTER49

INDEPENDENT AUDITORS' REPORT

Honorable Board of County Commissioners
Santa Rosa County, Florida

Report on the Financial Statements

We have audited the accompanying special-purpose financial statements (hereinafter referred to as “financial statements”) of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida (hereinafter referred to as “Board”), as of and for the year ended September 30, 2013, and the related notes to the financial statements, as listed in the table of contents.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above, present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Board, as of September 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note A to the financial statements, the special-purpose financial statements consists of only the fund level financial statements as defined in Governmental Accounting Standards Board Statement 34, and do not include presentations of government-wide financial statements of the Board, nor are they intended to be a complete presentation of the financial position and changes in financial position of Santa Rosa County, Florida, taken as a whole. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison schedules on pages 43 and 44, and the schedule of funding progress on page 45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 13, 2014 on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Board's internal control over financial reporting and compliance.

Restriction on Use

This report is intended solely for the information and use of the Board, management and the State of Florida Office of Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied consistently in the preparation of the financial statements follows:

1. Reporting Entity

The Governmental Accounting Standards Board (GASB) established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations. As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The Board of County Commissioners of Santa Rosa County, Florida (the Board) is the principal legislative and governing body of Santa Rosa County (the County), as provided by the Florida Constitution, Article 8, Section 1(e), and Chapter 125, Florida Statutes. The Board consists of five Commissioners elected by the voters of the County for terms of four years each.

The Board is considered part of the County's primary government for purposes of GASB. These special purpose financial statements of the Board are issued separately to comply with Section 10.557(3), Rules of the Auditor General for Local Governmental Entity Audits, pursuant to Section 11.45(8), Florida Statutes and do not include the Clerk of Courts, Sheriff, Tax Collector, Property Appraiser or Supervisor of Elections (collectively known as County officers), or other independent authorities and boards. The Board's financial statements do not purport to reflect the financial position or the results of operations of the County taken as a whole.

Dependent Special Districts

Blackwater Soil & Water Conservation District - The Blackwater Soil & Water Conservation District (Blackwater) was created by the Florida Legislature in 1942 pursuant to Florida Statute Section 582. Santa Rosa County was established as the local governing authority and is Blackwater's only source of funding. Blackwater does not meet the criteria as a legally separate entity in that it cannot buy, sell, own, lease and mortgage property in its own name. The activities of Blackwater are included in these financial statements as a department of the Board within the General Fund.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Pace Property Finance Authority - The Pace Property Finance Authority (Authority) was created in 1990 by County Resolution No. 90-12 pursuant to Chapter 617 of the Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. However, the Authority meets the criteria for inclusion in more than one reporting entity - Pace Water System as well as the Board. In these cases, judgment must be exercised by management of the reporting entities as to which reporting entity the organization should be included. The Authority has the same elected governing body as the Pace Water System. Additionally, both the Authority and Pace Water System own portions of a single water/sewer system; thus, their capital assets are part of an interconnected system. Finally, the Authority's debt was issued solely to finance the Pace water/sewer system improvements. Based on these facts, management has decided to include the Authority in the combined financial statements of Pace Water System rather than as a component unit of the Board.

Santa Rosa County Health Facilities Authority - The Santa Rosa County Health Facilities Authority (Authority) was created in 1982 by County Ordinance No. 82-02 pursuant to Section 154, Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. The Board appoints the five (5) members of the Authority. Additionally, the Board may abolish the Authority at any time by ordinance or resolution as long as all bonded indebtedness incurred by the Authority has been paid. The Authority exists solely to assist health facilities within the County with the acquisition, construction, financing, and refinancing of projects through issuance of conduit debt. All bonds issued by the Authority were subsequently defeased through issuance of new debt culminating with the issuance of \$58 million in new bonds in 2003. The debt outstanding is a limited obligation of the Authority and not a general obligation of the Authority or the Board. The Authority is not obligated to pay the principal and interest on the bonds except from the revenues of the Authority pursuant to its loan agreement with Gulf Breeze Hospital. The Authority has no financial activity and the bonds issued under the Authority's name are recorded in the books of the hospital.

Santa Rosa County Housing Finance Authority - The Santa Rosa County Housing Finance Authority (Authority) was created in 1984 by County Resolution No. 84-18 pursuant to Chapter 78-89, Laws of Florida codified as Chapter 159, Part IV, Section 159.601 through 159.623. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the Board. The Board, through various resolutions and interlocal agreements with the Escambia County Housing Finance Authority (ECHFA), has authorized ECHFA to allow qualified residents of the County to apply for and obtain preferential mortgages from proceeds generated by bonds issued by ECHFA. Accordingly, there is no financial activity related to the Authority to be reflected in these financial statements.

**Board of County Commissioners

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

2. Basis of Presentation - Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The Board groups its funds into two broad fund categories as either governmental or proprietary in nature. Governmental funds include the general, special revenue, debt service, permanent and capital projects funds. Proprietary funds include enterprise funds and an internal service fund.

3. Basis of Accounting

FUND FINANCIAL STATEMENTS

The Fund financial statements, as presented herein, focus primarily on the major funds of the governmental and proprietary categories. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

GOVERNMENTAL FUNDS

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the Board’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- Road and Bridge Fund – Accounts for that portion of state fuel taxes and fees designated for road improvement projects.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period – except for certain grant revenues which are recognized as revenues in the same period the grant expenditures occurred). This includes investment earnings, property taxes, special assessments, and fines and forfeitures. Certain state-levied locally shared taxes including motor vehicle license tax and fuel taxes are subject to income recognition when the underlying transaction occurs. Reimbursements due for grant funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

Expenditure Recognition

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on governmental long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

PROPRIETARY FUNDS

All proprietary funds use the accrual basis of accounting and the economic resources measurement focus. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year end.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the Board's enterprise funds and internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services,

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Net positions should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. In a fund with both restricted and unrestricted assets, qualified expenses are considered to be paid first from restricted net positions then from unrestricted net positions.

The major proprietary funds are:

- Navarre Beach Fund – Accounts for the operation and maintenance of the water and sewer system of Navarre Beach.
- Landfill Fund – Accounts for the operation of the solid waste disposal facilities of the county.
- Peter Prince Fund – Accounts for the operation of the Peter Prince Field

The Board's only internal service fund is the Self Insurance Fund. This fund accounts for the risk management activities of the Board and the other elected officials. Costs are billed to the departments and other elected officials at the actual and estimated costs of providing insurance coverage.

4. Budgets and Budgetary Accounting

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the Board's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

5. Cash and Cash Equivalents

For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

6. Investments

Investments in U.S. Treasury bills, government backed securities and the Florida Local Government Investment Trust Fund are recorded at fair value. As permitted by GASB Statement No. 31, bank certificates of deposit and short term money market investments are reported at amortized cost rather than fair value.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

7. Inventory

Inventory consists of gas, oil, automotive parts, road signs, culverts, and various other items used by the road department and insecticides used by mosquito control operations. Inventory is valued at cost (first in, first out). The cost is recorded as an expenditure at the time the inventory is purchased. Reported inventories are equally offset by a nonspendable fund balance since such amounts will not convert to cash even though they are a component of net current assets.

8. Accounting for Capital Assets

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. Constructed or purchased capital assets are recorded at historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Donated capital assets are capitalized at estimated fair market value on the date donated. The minimum capitalization threshold is any individual item with a total cost greater than \$1,000 and a useful life of one year or more.

Capital assets in governmental funds, including infrastructure such as streets, drainage systems, culverts, traffic signals, and signs are recorded as expenditures in the governmental funds.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized.

Depreciation has been provided over the estimated useful lives using the straight-line method. The estimated useful lives are as follows:

Buildings	20 - 50 years
Water Distribution System	20 years
Improvements	10 - 20 years
Equipment	3 - 10 years
Infrastructure	40 years
Intangibles	3 - 5 years

The Board does not capitalize interest expense on borrowings used to finance construction of capital assets, as the capitalizable interest, after netting of interest earnings, is normally insignificant.

9. Compensated Absences

Employees may accumulate a limited amount of earned but unused sick leave, annual leave, and compensatory time, which will be paid upon separation from service. For the governmental fund statements, expenditures are not recognized until payments are made to employees.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Proprietary fund types accrue benefits in the period they are earned. The majority of the compensated absences liability has been paid out of the General (75%) and the Road and Bridge (25%) funds.

10. Property Taxes

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. Florida Statutes require that all property be assessed at 100 percent of just value.

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4, 3, 2 and 1 percent are allowed for early payment in November through February, respectively. The Tax Collector advertises as required by statute and sells tax certificates for unpaid taxes on real property. Certificates not sold are considered "County Held Certificates." Persons owning land upon which a tax certificate has been sold may redeem the land by paying the face amount of the tax certificate, plus interest and other costs.

Property taxes levied on property valuations as of January 1, 2013 and expected to be collected during the period November 2013 through March 2014 are as follows:

General Fund	\$ 42,436,410
Fine and Forfeiture Fund	\$ 67,470

These taxes, although measurable, are not recognized as revenue at September 30, 2013, since they are not considered to be collectible within the current period or soon enough thereafter to be used to pay current period liabilities.

11. Landfill Closure Costs

Under the terms of current state and federal regulations, the Board is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The Board recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

12. Allowance for Uncollectible Amounts

Accounts receivable for the Board are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon past collection history.

13. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the Board to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the Board can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance or resolution) of the Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the Board for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board or a County official delegated that authority by Board resolution or ordinance.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The Board applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE B - CASH AND INVESTMENTS

At September 30, 2013, the bank held deposits of \$63,112,911 (before outstanding checks and deposits in transit) consisting of amounts held in checking, savings, money market or time deposit accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida.

The Board's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Pursuant to Florida Statutes Section 218.415, the Board adopted an investment policy which outlines the Board's investment responsibilities, objectives, and policies. The Board's investment policy authorizes the Board to invest in the following:

- a. The Local Government Surplus Funds Trust Fund (SBA) (Maximum of 75%)*;
- b. Florida Local Government Investment Trust (FLGIT) (State Investment Trust) (Maximum of 80%)*;
- c. Qualified money market mutual funds (Maximum of 50%)*;
- d. U.S. Treasury bills, notes and bonds (100% allowed);
- e. Obligations guaranteed by the U.S. Government as to principal and interest such as obligations of the Government National Mortgage Association (GNMA) (Maximum of 5%)*;
- f. Non-callable Government Agency securities (Maximum of 25%)*:
 - (i) Federal Farm Credit Bank (FFCB),
 - (ii) Federal Home Loan Mortgage Corporation (FHLMC),
 - (iii) Federal Home Loan Bank (FHLB),
 - (iv) Federal National Mortgage Association (FNMA).This classification of government agency securities does not include any mortgage debt of any government agency;
- g. Time deposits and savings accounts in banks or savings and loan associations doing business in Florida (Maximum of 50%)*;
- h. Repurchase agreements for investments authorized in categories d, e, or f above. (Maximum of 40%)*

*To limit the County's concentration of credit risk these are the maximum percentages of the County's total portfolio that can be in each type of investment.

Interest rate risk is limited by no security having a maturity exceeding 2 years. The weighted average to maturity for the portfolio shall be less than 365 days. Investments placed with the FLGIT, which typically invests in instruments with maturities of less than 5 years, are exempt from this limitation.

The FLGIT, also known as Florida Trust, is a local government investment pool created by the Florida Association of Court Clerks and Comptroller, and the Florida Association of Counties for the purpose of providing public entities with an investment program by providing investment vehicles for funds that can be invested in short- to intermediate-term securities and have returns generally greater than the national average for money market instruments. The Florida Trust offers two open-ended, professionally managed funds available only to public entities in Florida.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE B - CASH AND INVESTMENTS - Continued

The Investment Trust:

A short term bond fund with an investment portfolio structured to maintain safety of principal and maximize available yield through a balance of quality and diversification. As of September 30, 2013 the Investment Trust managed \$719,254,098 for 35 local governmental entities. At a price per share of \$23.938 the Investment Trust has produced a 12-month total return of 0.358% and a market yield of 1.12%. This short term bond fund invests in U.S. Treasuries and Agency Securities, Mortgages, Commercial Paper, Asset-Backed Securities, and "A" rated Corporate Securities.

The Day to Day Fund:

The Florida Trust Day to Day Fund is a money market product created in January 2009 in response to demand to provide a fiscally conservative diversification option for Florida local governments. Fund features include same day transactions and online account management. The fund is AAAM-rated by Standard and Poor's and is governed by the same board and advisory committee that oversees the Investment Trust.

Schedule of Cash and Investments at September 30, 2013

	Carrying Amount
<u>Investments</u>	
FLGIT Investment Trust Fund	\$ 11,027,784
Total Investments	11,027,784
 <u>Cash</u>	
Cash in Bank	9,502,940
Day to Day Trust	53,398,816
Petty Cash	1,325
Total Cash	62,903,081
Total Cash and Investments	\$ 73,930,865
 <u>Financial Statement Presentation</u>	
Cash and Cash Equivalents:	
Governmental	\$ 49,291,033
Enterprise	8,360,766

Total Cash and Investments	\$ 73,930,865

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE B - CASH AND INVESTMENTS - Continued

Restricted cash and investments typically consist of funds set aside for the payment of debt or to ensure assets producing pledged revenues are repaired and replaced as needed. These assets are restricted since their use is limited by the applicable bond indentures. Other restricted assets consist of funds restricted to the payment of future landfill closure costs.

Restricted investments by category and by fund are as follows:

	Landfill Fund
Landfill escrow	<u>\$ 4,752,608</u>

NOTE C – DUE FROM OTHER GOVERNMENTAL UNITS

At September 30, 2013, amounts due from other governmental units were as follows:

Federal Government - Grants	\$ 830,960
State of Florida - Grants	689,789
State of Florida - Taxes	1,136,545
Local taxes	467,106
Other Elected Officials	2,634,567
Other	<u>167,496</u>
Total	<u>\$ 5,926,463</u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE D – INTERFUND TRANSACTIONS

Interfund transactions for the year ended September 30, 2013 were as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>	<u>Interfund Transfers in</u>	<u>Interfund Transfers out</u>
General fund	\$ 350,000	\$ -	\$ 2,696,758	\$ 1,306,043
Road & Bridge fund	250,000	-	3,701,772	-
Nonmajor Governmental funds	-	600,000	2,537,274	8,105,580
Navarre Beach fund	-	-	3,550	-
Landfill fund	-	-	21,370	-
Peter Prince fund	-	-	140	-
Self Insurance funds	-	-	787,524	336,765
Total	<u>\$ 600,000</u>	<u>\$ 600,000</u>	<u>\$ 9,748,388</u>	<u>\$ 9,748,388</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move unrestricted revenues collected in the general fund to finance various programs in accordance with budgetary authorizations.

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

NOTE F - LONG-TERM DEBT

1. Changes in Long-Term Debt

The following is a summary of changes in long-term debt for the year.

	Balance October 1, 2012	Additions	Deductions	Balance September 30, 2013	Amount Due within One Year
Governmental activities:					
Compensated absences	\$ 2,922,837	\$ 1,677,105	\$ 1,683,072	\$ 2,916,870	\$ 1,800,000
Claims payable	2,884,872	1,270,453	1,923,386	2,231,939	1,329,289
Revenue bonds	1,127,807	-	274,694	853,113	279,476
Notes payable	1,168,499	-	79,170	1,089,329	82,259
Special assessment notes	5,166,457	-	1,076,733	4,089,724	882,556
Total	<u>\$ 13,270,472</u>	<u>\$ 2,947,558</u>	<u>\$ 5,037,055</u>	<u>\$ 11,180,975</u>	<u>\$ 4,373,580</u>
Business type activities:					
Compensated absences	\$ 364,986	\$ 203,367	\$ 236,123	\$ 332,230	\$ 265,000
Landfill closure costs	8,210,645	-	86,376	8,124,269	53,356
Revenue bonds	1,127,807	-	274,694	853,113	279,476
Notes payable	4,323,773	-	411,648	3,912,125	427,370
OPEB Liability	171,824	44,858	19,820	196,862	-
Total	<u>\$ 14,199,035</u>	<u>\$ 248,225</u>	<u>\$ 1,028,661</u>	<u>\$ 13,418,599</u>	<u>\$ 1,025,202</u>

Deferred charges on refunding of bonds totaling \$62,320 are reported as deferred outflow of resources in the proprietary funds.

Special assessment notes are fully secured by annual assessments made against property owners of the specific area that benefited from the proceeds of the notes. The County has no legal obligation to levy ad valorem taxes or cover the notes in case of default by the property owners. The County does, however, maintain a moral commitment to cover the debt payments until such time as the property owners can make the payments.

NOTE F - LONG-TERM DEBT - Continued

2. Descriptions of Bonds and Notes

Bonds and notes payable at September 30, 2013 are comprised of the following:

General government - notes payable

\$999,380 Third Cent Tourist Development Tax Refunding Revenue Note, Series 2011, payable to bank to refinance the \$1,200,000 Third Cent Tourist Development Tax Refunding Revenue Note, Series 2007 payable for the construction of a tourist information center in Navarre. The note is due in 60 quarterly payments of \$12,445 to \$21,708, plus interest at 3.79%, with final payment due in 2026 secured by Third Cent tourist development tax revenues.	\$ 883,038
\$495,570 special assessment note payable to bank for the construction of certain road improvements in the Blackwater River and Smuggler's Cove subdivisions. The note is due in 36 quarterly payments of \$13,777 plus interest at 4.28%, secured by non-ad valorem revenues. Annual assessments will be made against property owners sufficient to retire the maturing principal and interest.	123,993
\$341,000 special assessment note payable to bank for the construction of infrastructure improvements for Duke Drive MSBU. The note is due in 32 quarterly payments of \$9,243 to \$12,225 plus interest at 3.74% with final payment due in 2016. Annual assessments will be made against property owners sufficient to retire the maturing principal and interest.	117,615
\$600,000 special assessment note payable to bank for the construction of infrastructure improvements on Polynesian Island Canal. The note is due in 28 quarterly payments. Payments are interest only at 4.05% until 2012 then principal payments of \$36,085 to \$48,931 plus interest with final payment due in 2015. Annual assessments will be made against property owners sufficient to retire the maturing principal and interest.	289,668
\$169,100 special assessment note payable to bank for the construction of infrastructure improvements for Joseph Circle MSBU. The note is due in 36 quarterly payments of \$3,636 to \$5,941 plus interest at 5.65% with final payment due in 2016. Annual assessments will be made against property owners sufficient to retire the maturing principal and interest.	71,093

2019-2023	1,606,036	93,740	1,699,776
	<u>\$ 4,765,238</u>	<u>\$ 651,847</u>	<u>\$ 5,417,085</u>

4. Defeased Debt Outstanding

In prior years the Board defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the Board's financial statements. At September 30, 2013, \$3 million of bonds are considered defeased.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE G - CONDUIT DEBT OBLIGATIONS

The County has issued certain limited-obligation debt instruments, including: 1) industrial development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest; and 2) certain municipal service benefit unit revenue notes to finance the acquisition, construction, reconstruction and equipping of capital improvements within the municipal service benefit unit. The debt instruments are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither the Board, the State nor any political subdivision thereof is obligated in any manner for repayment of the debt instruments. Accordingly, the debt instruments are not reported as liabilities in the accompanying financial statements.

Debt issues related to conduit financings outstanding at September 30, 2013 are as follows:

	<u>Date Issued</u>	<u>Final Maturity</u>	<u>Amount Issued</u>	<u>Outstanding 9/30/2013</u>
Baptist Hospital, 2003	8/21/2003	10/1/2021	\$ 57,905,000	\$ 57,905,000

Pace Volunteer Fire Department	4/16/2007	3/8/2017	1,169,000	527,934
Navarre Beach Volunteer Fire Department	4/25/2007	4/25/2017	<u>300,000</u>	<u>127,713</u>
Total			<u>\$ 63,519,000</u>	<u>\$ 61,170,647</u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE H - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

State and federal laws and regulations require the Board to place a final cover on its landfill sites when the landfill stops accepting waste and to perform certain maintenance and monitoring functions at sites for thirty years after closure. Although closure and postclosure care costs are paid only near or after the date that a landfill stops accepting waste, the Board reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$8.1 million reported as landfill closure and postclosure care liability (current and noncurrent) at September 30, 2013, represents the cumulative amount reported to date based on the following percentage usage of the estimated capacity of each of the Board's landfills:

Central Class I Landfill	79%
Central Class III Landfill (New)	32%
Central Class III Landfill (Old)	Closed 10/98
Holley Landfill	Closed 06/94

The estimated cost of postclosure care for the Central Class III and Holley landfills have been recognized in prior years with any changes in estimates being recorded in the current year. The Board will recognize the remaining estimated cost of closure and postclosure care for the Central Class I and Class III landfills in the amount of \$6 million as its remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2013. The estimated remaining lives of the Central Class I and Class III landfills are 16 and 33 years, respectively. Cost of closure and life estimates are based on the areas currently in use, and not on potential areas of expansion. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The Board is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. At September 30, 2013, the Board held investments of \$4,752,608 to cover the escrow requirement of \$4,735,695. These investments are reported as restricted assets in these financial statements. The Board expects that future inflation costs will be paid from interest earnings on these restricted investments and from charges to future landfill users or future tax revenue.

The current year decrease in liability is a result of the Florida Department of Environmental Protection reducing the post closing long term care period and a waiver of certain monitoring and testing requirements during the re-permitting process.

NOTE I - COMMITMENTS AND CONTINGENCIES

1. Retirement Plan

Participation - Employees of the Board participate in the Florida Retirement System, a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE I - COMMITMENTS AND CONTINGENCIES - Continued

Benefit Provisions – The Florida retirement system offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011, are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Normal retirement benefits are available to employees who retire at age 62 or 65 (depending on hire date) with 6 or 8 (depending on hire date) or more years of service, or to those employees who have at least 30 or 33 (depending on hire date) years of creditable service, regardless of age. Retirement age and years of service requirements may vary depending on membership class. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years-of-service credit where average compensation is computed as the average of an individual's five (if enrolled prior to July 1, 2011) or eight (if enrolled on or after July 1, 2011) highest years of earnings.

The FRS Investment Plan is a defined contribution plan in which participants are vested after one year of service. The employer makes contributions each month based on a percentage of the employee's gross salary and membership class. The contribution percentage is the same whether participating in the Pension Plan or Investment Plan. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the funds are portable upon termination if the participant is vested. Members in the investment plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

For DROP participants, the deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation. Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

Contributions - Chapter 121 requires the employer to pay contributions based upon state-wide rates established by the State of Florida. Employees contribute 3% of their salary. During 2013, the Board contributed an average of 8.62% of each qualified regular employee's gross salary, 18.93% percent of the elected official's salary and 7.29% for each DROP participant. The Board's contributions to the pension plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contribution requirements for the year. The Board's contributions to the Investment Plan were equal to the legislatively mandated contribution rates, which are equal to a percentage of the members' gross monthly salary based on membership class. Contributions to both plans totaled \$923,537, \$766,330 and \$1,401,716 for the years ended September 30, 2013, 2012, and 2011, respectively.

Financial Report of the Plan - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE I - COMMITMENTS AND CONTINGENCIES - Continued

2. Litigation

The Board is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Board's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the Board.

3. Federal and State Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the Board expects such amounts, if any, to be immaterial.

NOTE J - RISK MANAGEMENT

The Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1986 the Board established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the Board is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The Board is covered by outside insurance for the following exposures:

- Boats
- Employee Fidelity
- Buildings and Contents, \$5,000 deductible
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE J - RISK MANAGEMENT - Continued

Conventional insurance remains in effect for buildings, contents and Sheriff's general, automobile and professional liability. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Board of County Commissioners and other County elected officials participate in the program and make payments to the Self Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$2,231,939 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Liabilities for incurred losses to be settled by fixed or reasonably determined payments over a long period of time are reported at their present value using an expected future investment yield assumption of 3.9 - 7 percent. These liabilities are reported at their present value of \$990,085 at September 30, 2013.

Changes in the Fund's claims liability amount in fiscal years 2012 and 2013 were as follows:

	Beginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2011 - 2012	\$ 3,280,527	\$ 1,147,696	\$ 1,543,351	\$ 2,884,872
2012 - 2013	\$ 2,884,872	\$ 1,270,453	\$ 1,923,386	\$ 2,231,939

The following table presents a summary of the claims payable liability at year end:

Current claims payable	\$ 1,241,854
Current claims-structured settlements	<u>87,435</u>
Total claims payable, current	1,329,289
Long-term claims-structured settlements	<u>902,650</u>
Total claims payable	<u><u>\$ 2,231,939</u></u>

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE J - RISK MANAGEMENT - Continued

The Board is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage, excluding the Sheriff. The Board pays an annual premium as a participant of the pooled liability program. During 1994, the first year of participation, the Board paid an extraordinary loss fund payment of \$249,886. The liability coverage is not designed to be assessable; however, should the pool fail to meet its obligations, the Board may be required to contribute additional funds or cover its own obligations. No accrual for future assessments has been recorded in the balance sheet as such assessments do not appear probable based on past experience of the pool, and experience of the pool subsequent to the Board's fiscal year end through the date of these financial statements. In the event the Board elected to terminate its participation in the pool, the extraordinary loss fund payment would be refunded to the Board, given adequate funding of the pool.

NOTE K - FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented on the following page.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE L – POST EMPLOYMENT HEALTH CARE BENEFITS

The County implemented, in 2009, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment health care benefits provided by the County.

Plan Description – Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the County and eligible dependents, may continue to participate in the County’s purchased health and hospitalization insurance coverage (the Plan) at the same group rate as for active employees and participating retirees are required to reimburse the Board 100% of the health insurance premium a month in advance. The Plan is a single-employer plan. The County subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The County also provides an insurance subsidy for employees with at least 10 years (8 years elected) creditable service. The subsidy pays \$3 per year of service limited to the individual’s premium payment up to a maximum of \$90 per year. No stand-alone financial report is issued.

Funding Policy – The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For the 2013 fiscal year, 194 retirees and eligible dependents received postemployment health care benefits. The County provided required contributions of \$267,636 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees insurance net of retiree contributions totaling \$581,766. Required contributions are based on projected pay-as-you-go financing which differ from the Annual Required Contribution.

Annual OPEB Cost and Net OPEB Obligation – The following table shows the County’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation:

Description	Health Insurance
Normal Cost (Service cost for one year)	\$ 565,000
Amortization of Unfunded Actuarial Accrued Liability	551,000
Annual Required Contribution	1,116,000
Amortization of Net OPEB Obligation	(305,000)
Interest on Net OPEB Obligation	180,000
Annual OPEB Cost (expense)	991,000
Contribution Towards the OPEB Cost	(267,636)
Increase in Net OPEB Obligation	723,364
Net OPEB Obligation, Beginning of Year	5,154,773
Net OPEB Obligation, End of Year	\$ 5,878,137

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE L – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of September 30, 2013, was as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage Of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2010-2011	\$ 1,393,000	23%	\$ 4,014,744
2011-2012	\$ 1,473,000	23%	\$ 5,154,773
2012-2013	\$ 991,000	27%	\$ 5,878,137

Funded Status and Funding Progress – As of September 30, 2013, the date of the actuarial valuation, the actuarial accrued liability was \$9,311,000 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$9,311,000. Amortization of the accrued liability for the year ended September 30, 2013 was \$551,000. The annual covered payroll (annual payroll of active participating employees) was \$44,527,946 for the 2012-2013 fiscal year. The ratio of the unfunded actuarial liability to annual covered payroll is 21%.

Actuarial Methods and Assumptions – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

**Board of County Commissioners
Santa Rosa County, Florida**

NOTES TO FINANCIAL STATEMENTS

September 30, 2013

NOTE L – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued

The County's OPEB actuarial valuation as of September 30, 2013, used the projected unit credit actuarial cost method to estimate both the unfunded actuarial liability as of September 30, 2013 and to estimate the County's 2012-2013 fiscal year annual required contribution. This method was selected because it produced the best estimate of the OPEB liability and annual cost. Because the OPEB liability is currently unfunded, the actuarial assumptions include a 4% rate of return on invested assets assuming the benefits will continue to be funded on a pay-as-you-go basis and that the County's investments will earn 3.5% over the long term. The actuarial assumptions also include an annual healthcare cost trend rate of 8.5% initially for the 09-10 fiscal year, decreasing gradually per year to an ultimate rate of 4.3% in 2070. The inflation rate assumption is 2.8%. The unfunded actuarial accrued liability is being amortized using the level dollar method. The remaining, closed, amortization period at September 30, 2013 is 26 years.

The required schedule of funding progress, immediately following the notes, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE M – CHANGES IN FINANCIAL STATEMENT REPORTING

Effective for fiscal year 2013 reporting, the Board adopted the following new standards issued by the Governmental Accounting Standards Board (GASB):

Statement No. 63 Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. GASB Statement No. 63 introduces and defines deferred outflows and deferred inflows of resources as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively.

Statement No. 65 Items Previously Reported as Assets and Liabilities. GASB Statement No. 65 reclassifies certain items that were previously reported as assets and liabilities and recognizes these items as outflows of resources or inflows of resources.

The effect of these new standards to current period reporting was to expense \$13,903 in bond issuance costs that would have been amortized through September 30, 2016.

NOTE N – EVENTS OCCURRING AFTER REPORTING DATE

The Board has evaluated events and transactions that occurred between September 30, 2013 and March 13, 2014, (date the financial statements were available to be issued) for possible recognition or disclosure in the financial statements.

NOTES TO REQUIRED SUPPLEMENTAL INFORMATION

September 30, 2013

BUDGETARY INFORMATION

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

Honorable Board of County Commissioners
Santa Rosa County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the special-purpose financial statements (hereinafter referred to as "financial statements") of each major fund and the aggregate remaining fund information of the Board of County Commissioners of Santa Rosa County, Florida, (hereinafter referred to as "Board"), as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the Board's special- purpose financial statements, and have issued our report thereon dated March 13, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

As required by the provisions of Chapter 10.550, Rules of the Auditor General, we have issued a separate management letter dated March 13, 2014, which should be considered in assessing the results of our audit.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Warren Averett, LLC

March 13, 2014
Pensacola, Florida

MANAGEMENT LETTER

Honorable Board of County Commissioners
Santa Rosa County, Florida

We have audited the special-purpose financial statements (hereinafter referred to as “financial statements”) of the Santa Rosa County, Florida, Board of County Commissioners, (hereinafter referred to as “Board”), as of and for the fiscal year ended September 30, 2013, and have issued our report thereon dated March 13, 2014.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. We have also issued our Independent Auditors’ Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors’ Report on Compliance for each Major Federal Program and State Project and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General; and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule which are dated March 13, 2014, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida and require that certain items be addressed in this letter.

Section 10.554 (1) (i) 1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit. No items were reported in the preceding annual financial report.

Section 10.554 (1) (i) 2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the Board complied with Section 218.415, Florida Statutes.

Section 10.554 (1) (i) 3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we do not have any recommendations.

Section 10.554 (1) (i) 4., Rules of the Auditor General, requires that we address violations of provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Board, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133 AND
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL**

Board of County Commissioners
Santa Rosa County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Santa Rosa County, Florida (hereinafter referred to as "County"), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement*, that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2013. The County's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, *Rules of the Auditor General*. Those standards, OMB Circular A-133, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance with those requirements.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2013.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with OMB *Circular A-133* and the Florida Department of Financial Services *State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Report on Schedule of Expenditures of Federal Awards and State Financial Assistance
Required by OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Rosa County, Florida, as of and for the year ended September 30, 2013, and the notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 13, 2014, which contained unmodified opinions on those financial statements. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.
