March 13, 2014

To the Citizens of Santa Rosa County:

State law requires that every general-purpose local government publish within twelve months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended September 30, 2013.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Warren Averett, LLC Certified Public Accountants, have issued an unmodified (“clean”) opinion on the Santa Rosa County’s financial statements for the year ended September 30, 2013. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complement this letter of transmittal and should be read in conjunction with it.

### Profile of the Government

Santa Rosa County, established in 1842, by an act of the Florida Legislature, is on the Northwest Florida Gulf Coast, bordered by Escambia County to the West, Okaloosa County to the East, the State of Alabama to the North and the Gulf of Mexico to the South. The City of Milton is the seat of County government as well as the largest municipality in the County. Santa Rosa County is 1024 square miles of various demographics and environments. Santa Rosa County is empowered to levy a property tax on both real and personal property located within its boundaries.

Santa Rosa County is a Non-Charter County established under the Constitution and the Laws of the State of Florida. Santa Rosa County includes the Board of County Commissioners, the Clerk of the Courts, the Property Appraiser, the Sheriff, the Supervisor of Elections and the Tax Collector.

The Board of County Commissioners serves as the legislative and policy setting body of Santa Rosa County as established under Section 125 of the Florida Statutes. As such, the Board enacts all legislation and authorizes programs and expenditures within the County. The Board appoints a professionally trained County Administrator who is responsible for policy and budget development and implementation.

The Board is comprised of five members elected countywide. Each member must reside within the particular district for which seat he/she seeks election. Each year the Board organizes itself selecting a Chair and Vice-Chair from among its members to preside at Commission meetings.

The Clerk of Circuit Court performs a wide range of record keeping, information management and financial management in the judicial system and county government.

The Property Appraiser is primarily responsible for identifying, locating and valuing all property within the county for ad valorem tax purposes. He is also responsible for administering exemptions, mapping all parcels and classifying agricultural lands.

The Sheriff provides for the public safety of the citizens of Santa Rosa County through the enforcement of state criminal laws and county ordinances. Preventing and reducing crime and violence through departmental and community based programs.

The Supervisor of Elections administers the election of the elected officials within the county. She maintains the voter registration list, establishes polling places, and educates voters.

The Tax Collector collects and distributes taxes established by city, county, state and other local governments.

Santa Rosa County provides a full range of services including police and fire protection; the construction and maintenance of streets and other infrastructure; water and sewer service on Navarre Beach; solid waste disposal and recycling; the Peter Prince Airport; Industrial Park facilities and recreational and cultural activities.

### Local Economy

Santa Rosa County has long been considered a “bedroom community” of the larger Pensacola metropolitan statistical area. Knowing that residential growth does not sustain a healthy tax base, the County has aggressively been promoting the area as a good place to bring new and expanding businesses. The County established an Industrial Park several years ago to provide attractive inducements to businesses willing to invest capital and hire employees at above average wages. A second industrial park, Whiting Aviation Park, was recently added near Whiting Field with access to the 6,000 foot runway.

### Long-Term Financial Planning and Relevant Financial Policies

Santa Rosa County has undergone significant growth in recent years and the prospect for further growth is very good. The infrastructure to support that growth lags behind. To reduce that lag in

infrastructure growth the County established an impact fee. The impact fee is to be levied against new residential and commercial construction. This fee is restricted to the construction of new roads and other infrastructure. After seven years, any unused funds are to be refunded. This fee was temporarily suspended to help stimulate the local economy.

Tourism, a significant industry for the County, has seen a resurgence in this last year. Tourism had suffered considerable damage from the destruction caused by hurricanes and the BP Oil Spill in recent years.

### Major Initiatives

For the Year. The staff, following specific directives from the Board of County Commissioners and the County Administrator, was involved in a variety of projects throughout the year. These projects reflect the County's commitment to ensuring that its citizens are able to live and work in a desirable environment.

The County implemented a VOIP system to save on communications expenditures in the current year.

Several projects were either started or completed in the current year, including the June Ates Equestrian Center, Spencerfield sidewalks, the Tiger Point Community Center, and the Berryhill Road realignment.

In attempts to spur economic growth, the County initiated the Gulf Power site certification process on County owned sites including Santa Rosa Industrial Park East and Northwest Florida Industrial Park.

The County has identified a location for a potential new judicial facility. The cost of the land and adding infrastructure is estimated to be between \$3.3 million and \$3.8 million. The estimated cost of the facility is between \$32 million and \$38 million. The financing to purchase the land and construct the judicial facility is contingent upon the passing of a proposed ½ cent or 1 cent sales tax in the November 2014 election.

### Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Santa Rosa County, Florida for its comprehensive annual financial report for the fiscal year ended September 30, 2012. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

A comprehensive annual financial report of this nature could not have been prepared on a timely basis without the dedicated efforts of the Finance Department who worked many hours on this project. I would like to thank them for their invaluable assistance in the preparation of this report.

I would also like to thank the Board of County Commissioners and their staff, and the other Constitutional Officers for their personal interest and dedicated support in planning and conducting the financial operations of the County in a responsible and progressive manner.

A handwritten signature in cursive script that reads "Donald C. Spencer". The signature is written in dark ink and is positioned above the printed name.

## **FINANCIAL SECTION**

## REPORT OF INDEPENDENT AUDITORS

Honorable Board of County Commissioners  
Santa Rosa County, Florida

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Rosa County, Florida, (the "County") as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of September 30, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 12 through 18, the budgetary comparison schedules on pages 63 and 64, and the schedule of funding progress on page 65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining individual fund statements and budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining individual fund statements and budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining individual fund statements and budgetary comparison schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated March 13, 2014, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

*Warren Averett, LLC*

March 13, 2014  
Pensacola, Florida

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Management's discussion and analysis provides an objective and easily readable analysis of Santa Rosa County's (County) financial activities. The analysis provides summary financial information for the County and should be read in conjunction with the County's financial statements.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The County's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to the financial statements*. The *Government-wide financial statements* present an overall picture of the County's financial position and results of operations. The *Fund financial statements* present financial information for the County's major funds and non-major funds in the aggregate. The *Notes to the financial statements* provide additional information essential to a full understanding of the data provided in the Government-wide and Fund financial statements. This report also contains other supplementary information in addition to the basic financial statements.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental Activities are primarily supported by property taxes, sales taxes, federal and state grants, and state shared revenues. Business-type Activities are supported by charges to the users of those activities, such as water and sewer service charges.

The **statement of net position** presents information on all assets, deferred outflows of resources, liabilities and deferred inflows of resources of the County, with the difference between assets plus deferred outflows and liabilities and deferred inflows reported as net position. Net position is reported in three categories: 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, deferred outflows, liabilities, deferred inflows and net position are reported for all Governmental Activities separate from the assets, deferred outflows, liabilities, deferred inflows and net position of Business-type Activities.

The **statement of activities** presents information on all revenues and expenses of the County and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the County. To assist in understanding the County's operations, expenses have been reported as governmental activities or business-type activities. Governmental Activities financed by the County include public safety, physical environment, transportation, economic environment, human services, culture and recreation, and general government services. Business-type Activities financed by user charges include water and sewer services, solid waste disposal, and hangar leases.

*Fund financial statements* present financial information for governmental funds and proprietary funds. These statements provide financial information for the major funds of the County. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary funds financial statements provide information on all assets, deferred outflows, liabilities and deferred inflows of the funds, changes in the economic resources (revenues and expenses), and total economic resources.

*Fund financial statements* include a **balance sheet** and a **statement of revenues, expenditures, and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances - budget and actual**, is provided for the County's General Fund and major governmental funds as required supplemental information. For the proprietary funds, which include an internal service fund in addition to business-type activities, a **statement of net position**; a **statement of revenues, expenses, and changes in fund net position**; and a **statement of cash flows** are presented. *Fund financial statements* provide more detailed information about the County's activities. Individual funds are

established by the County to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants.

The *government-wide financial statements* and the *fund financial statements* provide different *pictures* of the County. The government-wide financial statements provide an overall picture of the County's financial standing, split between Governmental Activities and Business-type Activities. These statements are comparable to private-sector companies and give a good understanding of the County's overall financial health and how the County paid for the various activities, or functions, provided by the County. All assets of the County, including buildings, tangible property, land, roads, bridges, and similar infrastructure are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds, capital leases, and future employee benefits obligated but not paid by the County, are included. The **statement of activities** includes depreciation on all long lived assets of the County. The *fund financial statements* provide a picture of the major funds of the County and a column for all non-major funds. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities are not included in the fund financial statements. Reconciliations are provided from the *fund financial statements* to the *government-wide financial statements* to facilitate a comparison between governmental funds and governmental activities. *Notes to the financial statements* provide additional detail concerning the financial activities and financial balances of the County. Additional information about the accounting practices of the County, investments of the County, long-term debt, and pension plans are some of the items included in the *notes to the financial statements*.

## **ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS**

### **Government-Wide Financial Analysis**

Net position may serve over time as a useful indicator of government's financial position. In the case of the County, assets plus deferred outflows exceeded liabilities plus deferred inflows by \$200 million as of September 30, 2013.

The largest portion of the County's net position (72%) reflects its investments in capital assets (e.g., land, buildings, equipment, improvements, construction in progress and infrastructure), less any debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

At the end of the current fiscal year, the County is able to report positive balances in all three categories of net position for the County as a whole, as well as for its governmental and business-type activities.

There was a decrease in net position from governmental activities of \$4 million. This consisted of an increase of \$2.4 million to invested in net investment in capital assets, a decrease of \$10 million to restricted net position and an increase of \$3.5 million to unrestricted net position. The primary reasons for these relatively small net changes was the decrease in both revenues and expenditures due to the downturn in the economy and the zero growth/decrease in property tax revenues mandated by the state legislature.

There was an increase in net position from business-type activities of \$980,000. This consisted of an increase of \$643,000 to net investment in capital assets, an increase of \$693,000 in restricted net position and a decrease of \$355,000 to unrestricted net position. The primary reason for the decrease to unrestricted net position was the increase in the restricted investments for landfill closure and long-term care costs.

Following is a comparative statement of net position (amounts expressed in thousands):

	Governmental Activities		Business-type Activities		Total	
	2013	2012*	2013	2012*	2013	2012
Current and other assets	\$ 72,064	\$ 78,907	\$ 14,120	\$ 13,721	\$ 86,184	\$ 92,628

### **Financial Analysis of Governmental Funds**

The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. The County's governmental funds reported combined ending fund balances of \$61 million (41% is unassigned). This is a \$5.8 million decrease from the previous year. The bulk of the decrease was from reduced tax revenues due to state mandated property tax rate reductions and the depressed economy.

Following is a comparative statement of changes in net position (amounts expressed in thousands):

	Governmental Activities		Business-type Activities		Total	
	2013	2012	2013	2012	2013	2012
Revenues:						
Program revenues						
Charges for services	\$ 27,392	\$ 28,914	\$ 6,422	\$ 5,980	\$ 33,814	\$ 34,894

The General fund is the primary operating fund of the County. Revenues exceeded expenditures by \$1.8 million. Expenditures were down by \$898,000 (1.4%) from the prior year, mostly in general government and human services. Public safety expenditures were up from last year. With the recession and State mandated tax cuts the County has been aggressive in reducing expenditures yet costs continue to rise.

The Road and Bridge fund accounts for fuel and other taxes designated for road improvements. During the year, fund balance decreased by \$5.4 million. Transfers in from other funds of \$3.7 million and restricted fund balances of \$3.4 million were used to offset an operating loss resulting from repairs to the Navarre Beach Bridge.

### **Financial Analysis of Proprietary Funds**

The Navarre Beach fund accounts for the operations of the Navarre Beach water and sewer system. Revenues were up from the prior year due to increased usage and expenses were fairly consistent with the prior year. There was a moderate operating income of \$109,000. Interest income and a capital contribution from federal and state grants led to a net increase of \$254,000.

The Landfill fund is used to account for the solid waste disposal operations at the County landfills. Operating revenues were up from the prior year due to increased usage. Expenses were up from the previous year, mostly due to a significant decrease in landfill closure costs in the prior year which didn't carry over to the current year. Operating income was \$704,000 and the sales of recycled materials helped the fund end the year with an overall net position increase of \$749,000.

### **Budgetary Analysis**

The General fund budget was increased by \$3.4 million from the original budget (an increase of 5%). Several departments had increases: Sheriff, \$1.2 million for capital equipment and new phone system; Industrial Park, \$878,000 for the Industrial Park rail spur.; BOCC Data Processing, \$211,000 for VOIP phone system; Health Related Functions, \$239,000 for funding Medicaid services.

Actual expenditures were less than the final budgeted expenditures by \$5.2 million. The main reasons for this variance are that the County did not spend 1) \$888,000 for the Industrial Park, 2) \$706,000 on Health Related Functions, 3) \$614,000 for Other BOCC Obligations and 4) \$133,000 on the Community Development Housing.

## CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

As of September 30, 2013 the County had \$155 million invested in a broad range of capital assets, including land, buildings, equipment, park facilities, roads and other infrastructure. (See table below.) This amount represents a net increase (including additions, discoveries and deductions) of \$1 million from last year.

### Capital Assets at Year-end (Net of Depreciation, in Thousands)

	Governmental Activities		Business-type Activities		Totals	
	2013	2012	2013	2012	2013	2012
Land	\$ 19,596	\$ 21,897	\$ 1,191	\$ 1,191	\$ 20,787	\$ 23,088

Totals	<u>\$ 6,032</u>	<u>\$ 7,463</u>	<u>\$ 4,765</u>	<u>\$ 5,452</u>	<u>\$ 10,797</u>	<u>\$ 12,915</u>

The Navarre Beach Restoration Series 2005 and 2006 notes were paid off in the current year. More detailed information about the County's capital assets and long term liabilities is presented in Notes F & G to the financial statements, respectively.

**OTHER CURRENTLY KNOWN FACTS, DECISIONS OR CONDITIONS**

The County has identified a location for a potential new judicial facility. The cost of the land and adding infrastructure is estimated to be between \$3.3 million and \$3.8 million. The estimated cost of the facility is between \$32 million and \$38 million. The financing to purchase the land and construct the judicial facility is contingent upon the passing of a proposed ½ cent or 1 cent sales tax in the November 2014 election.

**RECONCILIATION OF THE STATEMENT OF REVENUES,  
EXPENDITURES AND CHANGES IN FUND BALANCES OF  
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

**For the year ended September 30, 2013**

**Net Change in Fund Balances - Total Governmental Funds** \$ (5,883,807)

*Amounts reported for governmental activities in the  
statement of activities are different because:*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period these amounts are:

Current period investment in capital assets	15,804,640
Current period depreciation	(9,397,992)
Current period loss on disposal of capital assets	(5,481,202)

In the statement of activities, interest is accrued on outstanding loans, whereas in governmental funds, an interest expenditure is reported when due.

Change in interest payable	4,209
----------------------------	-------

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. Also debt proceeds are an other financing source in the governmental funds, but the issuance increases long-term liabilities in the statement of net assets.

Current period change in compensated absences	(139,458)
Current period note payments	79,171
Current period revenue bond payments	274,693
Current period special assessment note payments	1,076,733
Current period bond refunding costs	(39,525)
Current period increase in other post employment benefits liability	(695,374)

Internal service funds are used by management to charge the costs of providing insurance coverage and therefore, the change in net assets of the internal service fund is included in governmental activities in the Statement of Activities.

275,105

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds

Change in reserve for inventory	63,240
---------------------------------	--------

**Change in Net Position of Governmental Activities** **\$ (4,059,567)**

**NOTE A - SUMMARY OF ACCOUNTING POLICIES**

A summary of the significant accounting policies applied consistently in the preparation of the financial statements follows:

**1. Reporting Entity**

The Governmental Accounting Standards Board (GASB) in its Statement No. 14, "The Financial Reporting Entity", established standards for defining the financial reporting entity. In developing these standards, the GASB assumed that all governmental organizations are responsible to elected officials at the federal, state, or local level. Financial reporting by a state or local government should report the elected officials' accountability for those organizations. As concluded by the GASB, the financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Santa Rosa County, Florida (the County) is a political subdivision of the State of Florida created pursuant to Article 8, Section 1(e), of the Constitution of the State of Florida and Chapter 7 of the Florida Statutes. It is governed by a five member Board of County Commissioners (the Board) elected from single-member districts. The Board has no powers other than those expressly vested in it by the Florida Statutes and its governmental powers cannot be delegated. The Board appoints an administrator to administer all policies emanating from its statutory powers and authority. In addition to the Board, there are five elected Constitutional Officers, pursuant to Article 8, Section 1(d) of the Constitution of the State of Florida: Clerk of Courts, Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections.

These financial statements include the operating activities of the Board, Clerk of Courts, Sheriff, Tax Collector, Property Appraiser and Supervisor of Elections.

**Dependent Special Districts**

***Blackwater Soil & Water Conservation District*** - The Blackwater Soil & Water Conservation District (Blackwater) was created by the Florida Legislature in 1942 pursuant to Florida Statute Section 582. Santa Rosa County was established as the local governing authority and is Blackwater's only source of funding. Blackwater does not meet the criteria as a legally separate entity in that it cannot buy, sell, own, lease and mortgage property in its own name. The activities of Blackwater are included in these financial statements as a department of the County within the General Fund.

***Pace Property Finance Authority*** - The Pace Property Finance Authority (Authority) was created in 1990 by County Resolution No. 90-12 pursuant to Chapter 617 of the Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the County. However, the Authority meets the criteria for inclusion in more than one reporting entity - Pace Water System as well as the County. In these cases, judgment must be exercised by management of the reporting entities as to which reporting entity the organization should be included. The Authority has the same elected governing body as the Pace Water System. Additionally, both

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES – Continued**

the Authority and Pace Water System own portions of a single water/sewer system; thus, their capital assets are part of an interconnected system. Finally, the Authority's debt was issued solely to finance the Pace water/sewer system improvements. Based on these facts, management has decided to include the Authority in the combined financial statements of Pace Water System rather than as a component unit of the County.

***Santa Rosa County Health Facilities Authority*** - The Santa Rosa County Health Facilities Authority (Authority) was created in 1982 by County Ordinance No. 82-02 pursuant to Section 154, Florida Statutes. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, the Authority is a component unit of the County. The County appoints the five (5) members of the Authority. Additionally, the County may abolish the Authority at any time by ordinance or resolution as long as all bonded indebtedness incurred by the Authority has been paid. The Authority exists solely to assist health facilities within the County with the acquisition, construction, financing, and refinancing of projects through issuance of conduit debt. All bonds issued by the Authority were subsequently defeased through issuance of new debt culminating with the issuance of \$58 million in new bonds in 2003. The debt outstanding is a limited obligation of the Authority and not a general obligation of the Authority or the County. The Authority is not obligated to pay the principal and interest on the bonds except from the revenues of the Authority pursuant to its loan agreement with Gulf Breeze Hospital. The Authority has no financial activity and the bonds issued under the Authority's name are recorded in the books of the hospital.

***Santa Rosa County Housing Finance Authority*** - The Santa Rosa County Housing Finance Authority (Authority) was created in 1984 by County Resolution No. 84-18 pursuant to Chapter 78-89, Laws of Florida codified as Chapter 159, Part IV, Section 159.601 through 159.623. In accordance with Florida Statutes Section 189.403, the Authority qualifies as a dependent special district. Additionally, based on the criteria of GASB Statement No. 14 outlined above, the Authority is a component unit of Santa Rosa County. The Santa Rosa County Board of County Commissioners, through various resolutions and interlocal agreements with the Escambia County Housing Finance Authority (ECHFA), has authorized ECHFA to allow qualified residents of Santa Rosa County to apply for and obtain preferential mortgages from proceeds generated by bonds issued by ECHFA. Accordingly, there is no financial activity related to the Santa Rosa County Housing Finance Authority to be reflected in these financial statements.

**2. Basis of Presentation - Fund Accounting**

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The County groups its funds into two broad fund categories as either governmental or proprietary in nature. Governmental funds include the general, special revenue, debt service and capital project funds. Proprietary funds include enterprise funds and an internal service fund.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**3. Basis of Accounting**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all the non-fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which primarily rely on fees and charges for support. Fiduciary funds are excluded from the government-wide financial statements.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, the governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the governmental fund financial statements.

The government-wide Statement of Activities presents a comparison between expenses and program revenues for each segment of the business-type activities of the County and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the County.

Net position should be reported as restricted when constraints placed on net position use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The net position restricted for other purposes result from special revenue funds and the restrictions on their use. In a fund with both restricted and unrestricted positions, qualified expenses are considered to be paid first from restricted net position then from unrestricted net position. The government-wide statement of net position reports \$22,387,475 of restricted net position, of which \$21,784,753 is restricted by enabling legislation.

**FUND FINANCIAL STATEMENTS**

The Fund financial statements, as presented herein, focus primarily on the major funds of the governmental and proprietary categories. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the face of the proprietary fund statements.

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**GOVERNMENTAL FUNDS**

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

The major governmental funds are:

- General Fund – This is the County’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- Road and Bridge Fund – Accounts for that portion of state fuel taxes and fees designated for road improvement projects.

**Revenue Recognition**

In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available (i.e., collectible within the current year or within one month of year-end and available to pay obligations of the current period – except for certain grant revenues which are recognized as revenues in the same period the grant expenditures occurred). This includes investment earnings, property taxes, special assessments, and fines and forfeitures. Certain state-levied locally shared taxes including motor vehicle license tax and fuel taxes are considered derived non-exchange transactions. These types of transactions are subject to income recognition when the underlying transaction occurs. Reimbursements due for federally funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Other revenues, including licenses and permits, certain charges for services and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

**Expenditure Recognition**

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on governmental long-term debt, which has not matured, are recognized when paid. Allocations of costs, such as depreciation and amortization, are not recognized in the governmental funds.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**PROPRIETARY FUNDS**

All proprietary funds use the accrual basis of accounting and the economic resources measurement focus. These funds account for operations that are primarily financed by user charges. Revenues are recognized when earned and expenses are recognized when incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at each year-end.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the County's enterprise funds and internal service fund are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The major proprietary funds are:

- Navarre Beach Fund – Accounts for the operation and maintenance of the water and sewer system of Navarre Beach.
- Landfill Fund – Accounts for the operation of the solid waste disposal facilities of the County.

The County's only internal service fund is the Self Insurance Fund. This fund accounts for the risk management activities of the Board and the other elected officials. Costs are billed to the departments and other elected officials at the actual and estimated costs of providing insurance coverage. At year-end, uncovered costs are billed to the departments, if necessary. Billings in excess of costs are credited to the departments. The policy of the County is not to eliminate interfund activity, i.e. the estimated insurance costs billed to the departments, in the government-wide statement of activities, so as to better reflect the true operating costs of those departments.

**FIDUCIARY FUNDS**

Agency funds are used to account for assets of others for which the County acts as an agent. The County has sixteen agency fiduciary funds:

- Clerk's Fine and Cost Fund – Traffic and other fines are collected by the Clerk and remitted to the various governmental agencies.
- Clerk's Court Revenue – Revenues received in the court system that are remitted to the State.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

- Clerk's Intangible Tax Fund – The Clerk collects intangible tax and remits to the Department of Revenue.
- Clerk's Court Registry Fund - accounts for funds deposited pursuant to court order pending the outcome of legal action and are distributed by order of the court.
- Clerk's State Documentary Stamp Fund – The Clerk collects documentary stamps tax as an agent for the State of Florida and remits the revenue, less commission, to the Department of Revenue.
- Clerk's Suspense Fund – The Clerk collects fees for marriage licenses, spousal abuse and restitution. Also the Clerk Collects money for the State co-educational trust fund and attorney's fees. Distributions on payments and remittances are made as appropriate to the various agencies or individuals.
- Clerk's Tax Redemption Fund - accounts for tax deed application fees and tax deed bids and makes distributions on payments as appropriate.
- Clerk's Uniform Child Support Fund – The Clerk collects child support and other payments required by court order and remits to the appropriate individuals or organizations.
- Clerk's Ordinary Witness Fund – accounts for the funds collected and paid to witnesses.
- Clerk's Bail Bond Fund - accounts for the collection and disbursement of bond monies posted by individuals upon arrest. These monies are held by the Clerk until final disposition instructions are received from the court.
- Clerk's Flower Trust Fund – accounts for the collection and disbursement of funds donated by employees to purchase flowers for certain occasions.
- Tax Collector's Tax Fund - accounts for receipts of various types of taxes, licenses, and fees collected on behalf of state, county, and municipal governmental agencies.
- Sheriff's Individual Depositors Fund - accounts for the collection and disbursement of monies deposited primarily by insurance companies and attorneys awaiting civil process.
- Sheriff's Suspense Fund - accounts for the collection of monies obtained from the Sheriff's sale of abandoned and confiscated property, various court levies, writs of execution, and miscellaneous receipts and the subsequent disbursements to individuals, state agencies, and the Board of County Commissioners.
- Sheriff's Seizure Fund - accounts for cash confiscated by the Sheriff's department which is held pending disposition.
- Sheriff's Flower Fund – accounts for the collection and disbursement of funds donated by employees to purchase flowers for certain occasions.

**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**4. Budgets and Budgetary Accounting**

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The Board may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

Budgets are required for all governmental funds except:

- Special Revenue Funds:
  - Sheriff's Grants
  - Sheriff's Second Dollar
  - Sheriff's Prisoner Recreation
  - Sheriff's Federal Seizure

Budgets are not initially authorized but subsequently amended for the following funds:

- Special Revenue Funds:
  - Grants
  - Impact Fees
  - SHIP Program

**5. Cash and Cash Equivalents**

For purposes of the statements of cash flows, all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered to be cash equivalents.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**6. Investments**

Investments in U.S. Treasury bills, government backed securities and the Florida Local Government Investment Trust Fund are recorded at fair value. As permitted by GASB Statement No. 31, bank certificates of deposit and short term money market investments are reported at amortized cost rather than fair value.

**7. Inventory**

Inventory consists of gas, oil, automotive parts, road signs, culverts, and various other items used by the road department and insecticides used by mosquito control operations. Inventory is valued at cost (first in, first out). The cost is recorded as an expenditure at the time the inventory is purchased.

In the fund level statements, reported inventories are equally offset by a nonspendable fund balance since such amounts will not convert to cash even though they are a component of net current assets.

**8. Accounting for Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that does not add to the value of an asset or materially extends an asset's life is not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The County does not capitalize interest expense on borrowings used to finance construction of capital assets, as the capitalizable interest, after netting of interest earnings, is normally insignificant.

Property, plant and equipment of the County is depreciated using the straight line method over the following estimated useful lives:

Buildings	20 - 50 years
Water Distribution System	20 years
Improvements	10 - 20 years
Equipment	3 - 10 years
Infrastructure	40 years

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**9. Compensated Absences**

It is the policy of the County to permit employees to accumulate a limited amount of earned but unused leave benefits which will be paid to employees upon separation from service. Unpaid compensated absences are recorded as a liability when the benefits are earned in the government-wide and proprietary fund financial statements. The valuation of accrued leave benefits is calculated in accordance with GASB Statement No. 16. For the governmental activities, compensated absences are generally liquidated by the General (75%) and the Road and Bridge (25%) funds.

**10. Property Taxes**

Real and personal property valuations are determined each year as of January 1 by the Property Appraiser's office. Florida Statutes require that all property be assessed at 100 percent of just value.

All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4, 3, 2 and 1 percent are allowed for early payment in November through February, respectively. The Tax Collector advertises as required by statute and sells tax certificates for unpaid taxes on real property. Certificates not sold are considered "County Held Certificates." Persons owning land upon which a tax certificate has been sold may redeem the land by paying the face amount of the tax certificate, plus interest and other costs.

Property taxes levied on property valuations as of January 1, 2013 and expected to be collected during the period November 2013 through March 2014 are as follows:

General Fund	\$ 42,436,410
Fine and Forfeiture Fund	\$ 67,470

These taxes, although measurable, are not recognized as revenue at September 30, 2013, since they are not considered to be collectible within the current period or soon enough thereafter to be used to pay current period liabilities.

**11. Landfill Closure Costs**

Under the terms of current state and federal regulations, the County is required to place a final cover on closed landfill areas, and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The County recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period.

**12. Allowance for Uncollectible Amounts**

Accounts receivable for the County are reported net of allowance for doubtful accounts. The allowance for doubtful accounts represents those accounts which are deemed uncollectible based upon past collection history.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

**13. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

**Nonspendable** - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans.

**Restricted** - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the County can be compelled by an external party-such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

**Committed** - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance) of the County. Those committed amounts cannot be used for any other purpose unless the County removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints are not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** – Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by the Board or a County official delegated that authority by County resolution or ordinance.

**Unassigned** - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE A - SUMMARY OF ACCOUNTING POLICIES - Continued**

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**NOTE B - CASH AND INVESTMENTS**

At September 30, 2013, the bank held deposits of \$74,514,168 (before outstanding checks and deposits in transit) consisting of amounts held in checking, savings, money market or time deposit accounts. All deposits with financial institutions were 100% insured by federal depository insurance or by collateral pursuant to the Public Depository Security Act of the State of Florida.

The County's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Pursuant to Florida Statutes Section 218.415, the County adopted an investment policy which outlines the County's investment responsibilities, objectives, and policies. The County's investment policy authorizes the County to invest in the following:

- a. The Local Government Surplus Funds Trust Fund (SBA) (Maximum of 75%)\*;
- b. Florida Local Government Investment Trust (FLGIT) (State Investment Trust) (Maximum of 80%)\*;
- c. Qualified money market mutual funds (Maximum of 50%)\*;
- d. U.S. Treasury bills, notes and bonds (100% allowed);
- e. Obligations guaranteed by the U.S. Government as to principal and interest such as obligations of the Government National Mortgage Association (GNMA) (Maximum of 5%)\*;
- f. Non-callable Government Agency securities (Maximum of 25%)\*:
  - (i) Federal Farm Credit Bank (FFCB),
  - (ii) Federal Home Loan Mortgage Corporation (FHLMC),
  - (iii) Federal Home Loan Bank (FHLB),
  - (iv) Federal National Mortgage Association (FNMA).This classification of government agency securities does not include any mortgage debt of any government agency;
- g. Time deposits and savings accounts in banks or savings and loan associations doing business in Florida (Maximum of 50%)\*;
- h. Repurchase agreements for investments authorized in categories d, e, or f above. (Maximum of 40%)\*

\*To limit the County's concentration of credit risk these are the maximum percentages of the County's total portfolio that can be in each type of investment.

Interest rate risk is limited by no security having a maturity exceeding 2 years. The weighted average to maturity for the portfolio shall be less than 365 days or 1 year. Investments placed with the FLGIT, which typically invests in instruments with maturities of less than 5 years, are exempt from this limitation.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

**NOTE B - CASH AND INVESTMENTS - Continued**

The FLGIT, also known as Florida Trust, is a local government investment pool created by the Florida Association of Court Clerks and Comptroller, and the Florida Association of Counties for the purpose of providing public entities with an investment program by providing investment vehicles for funds that can be invested in short- to intermediate-term securities and have returns generally greater than the national average for money market instruments. The fair values of the County's positions in the pool are the same as the value of the pool shares. The Florida Trust offers two open-ended, professionally managed funds available only to public entities in Florida.

**The Investment Trust:**

A short term bond fund with an investment portfolio structured to maintain safety of principal and maximize available yield through a balance of quality and diversification. As of September 30, 2013 the Investment Trust managed \$719,254,098 for 35 local governmental entities. At a price per share of \$23.938 the Investment Trust has produced a 12-month total return of 0.358% and a market yield of 1.12%. This short term bond fund invests in U.S. Treasuries and Agency Securities, Mortgages, Commercial Paper, Asset-Backed Securities, and "A" rated Corporate Securities.

**The Day to Day Fund:**

The Florida Trust Day to Day Fund is a money market product created in January 2009 in response to demand to provide a fiscally conservative diversification option for Florida local governments. Fund features include same day transactions and online account management. The fund is AAAM-rated by Standard and Poor's and is governed by the same board and advisory committee that oversees the Investment Trust.

Schedule of Cash and Investments at September 30, 2013

	Carrying Amount
Investments:	
FLGIT Investment Trust Fund	\$ 11,027,784
Total Investments	11,027,784
Cash:	
Cash in Bank	15,674,104
Day to Day Trust	53,398,816
Petty Cash	1,325
Total Cash	69,074,245
Total Cash and Investments	\$ 80,102,029

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE B - CASH AND INVESTMENTS - Continued**

Restricted cash and investments typically consist of funds set aside for the payment of debt and funds set aside to ensure assets producing the pledged revenues are repaired and replaced as needed. These assets are restricted since their use is limited by the applicable bond indentures. Other restricted assets consist of funds restricted to the payment of future landfill closure costs.

Restricted investments by category and by fund are as follows:

	Landfill Fund
Landfill escrow	\$ 4,752,608

**NOTE C – DUE FROM OTHER GOVERNMENTAL UNITS**

At September 30, 2013, amounts due from other governmental units were as follows:

Federal Government - Grants	\$ 830,960
State of Florida - Grants	689,789
State of Florida - Taxes	1,136,546
Local - Taxes	467,106
Other	598,422
	\$ 3,722,823

**NOTE D – INTERFUND TRANSACTIONS**

Interfund transactions for the year ended September 30, 2013 were as follows:

	Interfund Receivable	Interfund Payable	Interfund Transfers in	Interfund Transfers out
General fund	\$ 510,874	\$ 188,559	\$ 2,696,758	\$ 1,306,043
Road & Bridge fund	255,048	-	3,701,772	-
Nonmajor Governmental funds	211,156	788,519	2,554,774	8,123,080
Navarre Beach fund	-	-	3,550	-
Landfill fund	-	-	21,370	-
Nonmajor Business-type fund	-	-	140	-
Self Insurance fund	-	-	787,524	336,765
Total	\$ 977,078	\$ 977,078	\$ 9,765,888	\$ 9,765,888

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE D – INTERFUND TRANSACTIONS - Continued**

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) move unrestricted revenues collected in the general fund to finance various programs in accordance with budgetary authorizations.

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

**NOTE E – RECEIVABLES**

Total business-type activities depreciation expense	<u>\$ 1,417,674</u>

**NOTE G- LONG-TERM DEBT**

**1. Changes in Long-Term Debt**

Deferred charges on refunding of bonds totaling \$62,320 are reported as deferred outflow of resources in the proprietary funds.

Special assessment notes are fully secured by annual assessments made against property owners of the specific area that benefited from the proceeds of the notes. The County has no legal obligation to levy ad valorem taxes or cover the notes in case of default by the property owners. The County does, however, maintain a moral commitment to cover the debt payments until such time as the property owners can make the payments.

**Santa Rosa County, Florida**

	<u>\$ 4,765,238</u>	<u>\$ 651,847</u>	<u>\$ 5,417,085</u>

**4. Defeased Debt Outstanding**

In prior years the County defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust accounts' assets and liabilities for the defeased bonds are not included in the County's financial statements. At September 30, 2013, \$3 million of bonds are considered defeased.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE H - CONDUIT DEBT OBLIGATIONS**

The County has issued certain limited-obligation debt instruments, including: 1) industrial development revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest; and 2) municipal service benefit unit revenue notes to finance the acquisition, construction, reconstruction and equipping of capital improvements within the municipal service benefit unit. The debt instruments are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Neither the County, the State nor any political subdivision thereof is obligated in any manner for repayment of the debt instruments. Accordingly, the debt instruments are not reported as liabilities in the accompanying financial statements.

Debt issues related to conduit financings outstanding at September 30, 2013 are as follows:

	Date Issued	Final Maturity	Amount Issued	Outstanding 9/30/2013
Baptist Hospital, 2003	8/21/2003	10/1/2021	\$ 57,905,000	\$ 57,905,000
Holley Navarre Water System, 2004	6/2/2004	5/1/2024	4,145,000	2,610,000
Pace Volunteer Fire Department	4/16/2007	3/8/2017	1,169,000	527,934
Navarre Beach Volunteer Fire Department	4/25/2007	4/25/2017	300,000	127,713
			<u>\$ 63,519,000</u>	<u>\$ 61,170,647</u>

**NOTE I - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS**

State and federal laws and regulations require the County to place a final cover on its landfill sites when the landfill stops accepting waste and to perform certain maintenance and monitoring functions at sites for thirty years after closure. Although closure and postclosure care costs are paid only near or after the date that a landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$8.1 million reported as landfill closure and postclosure care liability (current and noncurrent) at September 30, 2013, represents the cumulative amount reported to date based on the following percentage usage of the estimated capacity of each of the County's landfills:

Central Class I Landfill	79%
Central Class III Landfill	32%
Central Class III Landfill	Closed 10/98
Holley Landfill	Closed 06/94

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

**NOTE I - LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS - Continued**

The estimated cost of postclosure care for the Central Class III and Holley landfills have been recognized in prior years with any changes in estimates being recorded in the current year. The County will recognize the remaining estimated cost of closure and postclosure care for the Central Class I and Class III landfills in the amount of \$6 million as its remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and postclosure care in 2013. The estimated remaining lives of the Central Class I and Class III landfills are 16 and 33 years, respectively. Cost of closure and life estimates are based on the areas currently in use, and not on potential areas of expansion. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care. At September 30, 2013, the County held investments of \$4,752,608 to cover the escrow requirement of \$4,735,695. These investments are reported as restricted assets in these financial statements. The County expects that future inflation costs will be paid from interest earnings on these restricted investments and from charges to future landfill users or future tax revenue.

The current year decrease in liability is a result of the Florida Department of Environmental Protection reducing the post closing long term care period and a waiver of certain monitoring and testing requirements during the re-permitting process.

**NOTE J - COMMITMENTS AND CONTINGENCIES**

**1. Retirement Plan**

**Participation** - Employees of the County participate in the Florida Retirement System, a cost-sharing multiple-employer retirement system, established by Chapter 121, Florida Statutes. Participation is compulsory for full-time and part-time employees working in regularly established positions. Elected officials may elect not to participate in the system. Eligible employees may elect to participate in the Deferred Retirement Option Program (DROP), deferring receipt of retirement benefits while continuing employment with a Florida Retirement System employer.

**Benefit Provisions** – The Florida retirement system offers two retirement plans – the FRS Pension Plan and the FRS Investment Plan. An employee may participate in only one of the plans. Both plans, effective July 1, 2011, are funded monthly by a combination of employer and employee contributions.

The FRS Pension Plan is a defined benefit plan which provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Normal retirement benefits are available to employees who retire at age 62 or 65 (depending on hire date) with 6 or 8 (depending on hire date) or more years of service, or to those employees who have at least 30 or 33 (depending on hire date) years of creditable service, regardless of age. Retirement age and years of service requirements may vary depending on membership class. Early retirement is available after 6 years of service with a 5% reduction of benefits for each year prior to the normal retirement age. Retirement benefits are based upon age, average compensation, and years-of-service credit where average compensation is computed as the average of an individual's five (if enrolled prior to July 1, 2011) or eight (if enrolled on or after July 1, 2011) highest years of earnings.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

**NOTE J - COMMITMENTS AND CONTINGENCIES - Continued**

The FRS Investment Plan is a defined contribution plan in which participants are vested after one year of service. The employer makes contributions each month based on a percentage of the employee's gross salary and membership class. The contribution percentage is the same whether participating in the Pension Plan or Investment Plan. Members in the Investment Plan decide how their funds are allocated between various investment accounts and the funds are portable upon termination if the participant is vested. Members in the investment plan are not eligible for participation in the Deferred Retirement Option Program (DROP).

For DROP participants, the deferred monthly benefit plus interest compounded monthly, accrues for the specified period of the DROP participation. Upon retirement, the participant receives the total accumulated DROP benefits and begins to receive current benefits at the previously determined rate.

**Contributions** - Chapter 121 requires the employer to pay all contributions (employee noncontributory) based upon state-wide rates established by the State of Florida. During 2012, the County contributed an average of 8.62% of each qualified regular employee's gross salary, 18.93% percent of the elected officials' salary, 18.94% of each special risk employee's salary, and 7.29% for each DROP participant. The County's contributions to the Pension Plan, funded on a pay-as-you-go basis, were equal to the actuarially determined contribution requirements for the year. The County's contributions to the Investment Plan were equal to the legislatively mandated contribution rates, which are equal to a percentage of the members' gross monthly salary based on membership class. Contributions to both plans totaled \$3,452,871, \$2,956,762 and \$4,726,953 for the years ended September 30, 2013, 2012, and 2011, respectively.

**Financial Report of the Plan** - The Florida Retirement System issues a stand-alone financial report. A copy can be obtained by contacting the State of Florida, Division of Retirement, Tallahassee, Florida.

**2. Litigation**

The County is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the County's attorney the resolution of these matters will not have a material adverse effect on the financial condition of the County.

**3. Federal and State Grants**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by grantors cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

**NOTE K - FUND BALANCES**

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented on the following page.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE L - RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1986 the County established a Self-Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program the County is self-insured with respect to the following exposures:

- Workers Compensation
- Auto Physical Damage
- Auto Liability
- Construction and Road Equipment
- Portable Communication Equipment

The County is covered by outside insurance for the following exposures:

- Boats
- Employee Fidelity
- Buildings and Contents, \$5,000 deductible
- General Liability, \$25,000 deductible
- Public Officials' Liability, \$25,000 deductible

Conventional insurance remains in effect for buildings, contents and Sheriff's general, automobile and professional liability. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Board of County Commissioners and other County elected officials participate in the program and make payments to the Self Insurance Fund based on historical estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$2,231,939 is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Liabilities for incurred losses to be settled by fixed or reasonably determined payments over a long period of time are reported at their present value using an expected future investment yield assumption of 3.9 - 7 percent. These liabilities are reported at their present value of \$990,085 at September 30, 2013.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE L - RISK MANAGEMENT - Continued**

Changes in the Fund's claims liability amount in fiscal years 2012 and 2013 were as follows:

	Beginning-of- Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2011 - 2012	\$ 3,280,527	\$ 1,147,696	\$ 1,543,351	\$ 2,884,872
2012 - 2013	\$ 2,884,872	\$ 1,270,453	\$ 1,923,386	\$ 2,231,939

The following table presents a summary of the claims payable liability at year end:

Current claims payable	\$ 1,241,854
Current claims-structured settlements	87,435
Total claims payable, current	1,329,289
Long-term claims-structured settlements	902,650
Total claims payable	\$ 2,231,939

The County is a member of the Florida Association of Counties Trust, a pooled liability program providing general liability coverage and public officials' liability coverage, excluding the Sheriff. The County pays an annual premium as a participant of the pooled liability program. During 1994, the first year of participation, the County paid an extraordinary loss fund payment of \$249,886. The liability coverage is not designed to be assessable; however, should the pool fail to meet its obligations, the County may be required to contribute additional funds or cover its own obligations. No accrual for future assessments has been recorded in the financial statements as such assessments do not appear probable based on past experience of the pool, and experience of the pool subsequent to the County's fiscal year end through the date of these financial statements. In the event the County elected to terminate its participation in the pool, the extraordinary loss fund payment would be refunded to the County, given adequate funding of the pool.

**NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS**

The County implemented, in 2009, GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, for certain postemployment health care benefits provided by the County.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued**

***Plan Description*** – Pursuant to the provisions of Section 112.0801, Florida Statutes, former employees who retire from the County and eligible dependents, may continue to participate in the County’s purchased health and hospitalization insurance coverage (the Plan) ) at the same group rate as for active employees and participating retirees are required to reimburse the County 100% of the health insurance premium a month in advance.. The Plan is a single-employer plan. The County subsidizes the premium rates paid by the retirees by allowing them to participate in the plan at reduced or blended group (implicitly subsidized) premium rates for both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the plan on average than those of active employees. The County also provides an insurance subsidy for employees with at least 10 years (8 years elected) creditable service. The subsidy pays \$3 per year of service limited to the individual’s premium payment up to a maximum of \$90 per year. No stand-alone financial report is issued.

***Funding Policy*** – The County has not advance-funded or established a funding methodology for the annual Other Postemployment Benefit (OPEB) costs or the net OPEB obligation. For the 2013 fiscal year, 194 retirees and eligible dependents received postemployment health care benefits. The County provided required contributions of \$267,636 toward the annual OPEB cost, comprised of benefit payments made on behalf of retirees insurance net of retiree contributions totaling \$581,766. Required contributions are based on projected pay-as-you-go financing which differ from the Annual Required Contribution.

***Annual OPEB Cost and Net OPEB Obligation*** – The following table shows the County’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation:

Description	Health Insurance
Normal Cost (Service cost for one year)	\$ 565,000
Amortization of Unfunded Actuarial Accrued Liability	551,000
Annual Required Contribution	1,116,000
Amortization of Net OPEB Obligation	(305,000)
Interest on Net OPEB Obligation	180,000
Annual OPEB Cost (expense)	991,000
Contribution Towards the OPEB Cost	(267,636)
Increase in Net OPEB Obligation	723,364
Net OPEB Obligation, Beginning of Year	5,154,773
Net OPEB Obligation, End of Year	\$ 5,878,137

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

**NOTE M – POST EMPLOYMENT HEALTH CARE BENEFITS - Continued**

The County’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation as of September 30, 2013, was as follows:

<u>Fiscal Year</u>	<u>Annual OPEB Cost</u>	<u>Percentage Of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2010-2011	\$ 1,393,000	23%	\$ 4,014,744
2011-2012	\$ 1,473,000	23%	\$ 5,154,773
2012-2013	\$ 991,000	27%	\$ 5,878,137

***Funded Status and Funding Progress*** – As of September 30, 2013, the date of the actuarial valuation, the actuarial accrued liability was \$9,311,000 and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability of \$9,311,000. Amortization of the accrued liability for the year ended September 30, 2013 was \$551,000. The annual covered payroll (annual payroll of active participating employees) was \$44,527,946 for the 2012-2013 fiscal year. The ratio of the unfunded actuarial liability to annual covered payroll is 21%.

***Actuarial Methods and Assumptions*** – Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment and termination, mortality, and the healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. Projections of benefits for financial reporting purposes are based on the substantive plan provisions, as understood by the employer and participating members, and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and participating members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The County’s OPEB actuarial valuation as of September 30, 2013, used the projected unit credit actuarial cost method to estimate both the unfunded actuarial liability as of September 30, 2013 and to estimate the County’s 2012-2013 fiscal year annual required contribution. This method was selected because it produced the best estimate of the OPEB liability and annual cost. Because the OPEB liability is currently unfunded, the actuarial assumptions include a 4% rate of return on invested assets assuming the benefits will continue to be funded on a pay-as-you-go basis and that the County’s investments will earn 3.5% over the long term. The actuarial assumptions also include an annual healthcare cost trend rate of 8.5% initially for the 09-10 fiscal year, decreasing gradually per year to an ultimate rate of 4.3% in 2070. The inflation rate assumption is 2.8%. The unfunded actuarial accrued liability is being amortized using the level dollar method. The remaining, closed, amortization period at September 30, 2013 is 26 years.

The required schedule of funding progress, immediately following the notes, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

**Santa Rosa County, Florida**  
**NOTES TO FINANCIAL STATEMENTS**  
**September 30, 2013**

---

---

**NOTE N – CHANGES IN FINANCIAL STATEMENT REPORTING**

Effective for fiscal year 2013 reporting, the County adopted the following new standards issued by the Governmental Accounting Standards Board (GASB):

Statement No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. GASB Statement No. 63 introduces and defines deferred outflows and deferred inflows of resources as a consumption of net assets by the government that is applicable to a future reporting period, and an acquisition of net assets by the government that is applicable to a future reporting period, respectively.

Statement No. 65 *Items Previously Reported as Assets and Liabilities*. GASB Statement No. 65 reclassifies certain items that were previously reported as assets and liabilities and recognizes these items as outflows of resources or inflows of resources.

The effect of these new standards to current period reporting was to expense \$31,433 in bond issuance costs that would have been amortized through September 30, 2016.

---

**BUDGETARY INFORMATION**

Florida Statutes Chapters 129 and 200 govern the preparation, adoption, and administration of the County's annual budget. The budget must be balanced, i.e., the estimated revenues plus beginning fund balance brought forward must equal appropriations and be prepared on a basis consistent with generally accepted accounting principles (GAAP) as applicable to governmental units. The County may, at any time within a fiscal year, amend a budget for that year as follows:

Appropriations for expenditures in any fund may be decreased and other appropriations in the same fund correspondingly increased by motion recorded in the minutes. The budget officer may authorize certain inter-departmental and intra-departmental budget amendments, provided that the total appropriation of the fund is not changed. All annual appropriations lapse at fiscal year end.

**COMBINING INDIVIDUAL FUND STATEMENTS AND SCHEDULES**

## NONMAJOR GOVERNMENTAL FUNDS

### SPECIAL REVENUE FUNDS

*Fine and Forfeiture Fund* - accounts for fines, forfeitures and various other assessments used for law enforcement purposes.

*State Matching Program Fund* - accounts for state and local funding used for mosquito and other arthropod control.

*Grants Fund* - accounts for state and federal funding not associated with any other fund.

*Enhanced 911 Telephone System Fund* - accounts for funds used to maintain the 911 telephone system.

*Local Option Tourist Tax Fund* - accounts for tax revenues to be used for tourist development activities.

*Impact Fees Fund* – accounts for impact fees collected to provide for new infrastructure.

*SHIP (State Housing Initiative Partnership) Fund* - accounts for state funds received to provide housing assistance to low and middle income families.

*MSBU (Municipal Service Benefit Unit) Fund* – accounts for special assessments levied against property owners for capital improvements or services rendered for benefit of the affected areas.

*Clerk's Courts Fund* – accounts for the court related activities of the Clerk of the Court.

*Clerk's Courts Technology Fund* – accounts for the court technology related activities of the Clerk of the Court.

*Clerk's RMTF (Records Modernization Trust Fund)* – accounts for fees received that are legally restricted for the modernization of the public records maintained by the Clerk's office.

*Clerk's 10% Fines Fund* – accounts for the funding received through specific fines to be used to modernize the court system.

*Clerk's Child Support Title IV-D* – accounts for activities related to Title IV-D child support cases. The funding provides assistance to the plaintiff and enforcement of collections through the Office of Child Support Enforcement.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **SPECIAL REVENUE FUNDS - Continued**

Sheriff's Grants Fund – accounts for federal and state grants received by the Sheriff's department for specific programs. Not budgeted.

Sheriff's Second Dollar Fund – accounts for shared fine revenues which are legally restricted for law enforcement training purposes. Not budgeted.

Sheriff's Prisoner Recreation Fund – accounts for jail commissary and vending machine revenues that are restricted to providing recreational facilities and equipment for prisoners. Not budgeted.

Sheriff's Federal Seizure Fund – accounts for shared seizure revenues from the United States Department of Justice which are to be used for law enforcement purposes. Not budgeted.

### **DEBT SERVICE FUND**

Debt Service Fund - accounts for the funds used to pay down debt related to governmental funds.

### **CAPITAL PROJECTS FUNDS**

District One Capital Projects Fund - accounts for the construction of sports and recreation facilities in District One.

District Two Capital Projects Fund - accounts for the construction of sports and recreation facilities in District Two.

District Three Capital Projects Fund - accounts for the construction of sports and recreation facilities in District Three.

District Four Capital Projects Fund - accounts for the construction of sports and recreation facilities in District Four.

District Five Capital Projects Fund - accounts for the construction of sports and recreation facilities in District Five.

Other Capital Projects Fund - accounts for the purchase or construction of other capital facilities which are not financed by proprietary funds or trust funds.

## FIDUCIARY FUNDS

### AGENCY FUNDS

Clerk's Fine and Cost Fund – Traffic and other fines are collected by the Clerk and remitted to the various governmental agencies.

Clerk's Court Revenue Fund – Clerk's Court Revenue – Revenues received in the court system that are remitted to the State.

Clerk's Intangible Tax Fund – The Clerk collects intangible tax and remits to the Department of Revenue.

Clerk's Court Registry Fund - accounts for funds deposited pursuant to court order pending the outcome of legal action and are distributed by order of the court.

Clerk's State Documentary Stamp Fund – The Clerk collects documentary stamps tax as an agent for the State of Florida and remits the revenue, less commission, to the Department of Revenue.

Clerk's Suspense Fund – The Clerk collects fees for marriage licenses, spousal abuse and restitution. Also the Clerk Collects money for the State co-educational trust fund and attorney's fees. Distributions on payments and remittances are made as appropriate to the various agencies or individuals.

Clerk's Tax Redemption Fund - accounts for tax deed application fees and tax deed bids and makes distributions on payments as appropriate.

Clerk's Uniform Child Support Fund – The Clerk collects child support and other payments required by court order and remits to the appropriate individuals or organizations.

Clerk's Ordinary Witness Fund – accounts for the funds collected and paid to witnesses.

Clerk's Bail Bond Fund - accounts for the collection and disbursement of bond monies posted by individuals upon arrest. These monies are held by the Clerk until final disposition instructions are received from the court.

Clerk's Flower Trust Fund - accounts for the collection and disbursement of funds donated by employees to purchase flowers for certain occasions.

Tax Collector's Tax Fund - accounts for receipts of various types of taxes, licenses, and fees collected on behalf of state, county, and municipal governmental agencies.

Sheriff's Individual Depositors Fund - accounts for the collection and disbursement of monies deposited primarily by insurance companies and attorneys awaiting civil process.

Sheriff's Suspense Fund - accounts for the collection of monies obtained from the Sheriff's sale of abandoned and confiscated property, various court levies, writs of execution, and miscellaneous receipts and the subsequent disbursements to individuals, state agencies, and the Board of County Commissioners.

## FIDUCIARY FUNDS

### AGENCY FUNDS - Continued

*Sheriff's Seizure Fund* - accounts for cash confiscated by the Sheriff's department which is held pending disposition.

*Sheriff's Flower Fund* - accounts for the collection and disbursement of funds donated by employees to purchase flowers for certain occasions.

## STATISTICAL SECTION

## Statistical Section

This part of Santa Rosa County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall financial health.

<b>Contents</b>	<b>Page</b>
Financial Trends These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.	107
Revenue Capacity These schedules contain information to help the reader assess the governments most significant local revenue source, the property tax.	113
Debt Capacity These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.	117
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment which the government's financial activities take place.	120
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.	122

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive financial reports for the relevant year.
